RE: Inland Queensland Roads Action Plan Support

Dear Glenys,

I would like to confirm our support to you in regards to the Inland Queensland Roads Action Plan (IQ-RAP). It is understood that IQ-RAP has a vision to increase the quality and accessibility of the road network of inland Queensland.

With approximately 66,000 Members, the Campervan and Motorhome Club of Australia (CMCA) is by far the nation's largest recreational vehicle club, many of which travel to Queensland utilising the inland roads. We are strong advocates of road safety for all users.

CMCA is also a member of RV Clubs of Australia Limited (RVCAL). RVCAL is a company representing over 500,000 recreational vehicle travellers and includes the National Association of Caravan Club Inc. and the Australasian Touring Caravan Camping Motorhome & Club.

As a tourism promotion organisation, we will promote the IQ-RAP to our members and particularly to Queensland government ministers.

Accordingly CMCA commends and supports IQ-RAP.

Kind regards,

Richard Barwick
Chief Executive Officer
