# Region overview

The workforce profiles provide Census characteristics of employed persons (workers) aged 15 years and over. The data in this profile are based on where people work, as opposed to where people live (usual residence) or where people were counted on Census Night (enumeration). For some topics, more detailed data are available through the [Queensland Regional Database](#) (also known as QRSIS), developed and maintained by the Queensland Government Statistician's Office, Queensland Treasury.

RDA TNWQ region comprises the 15 local government areas of Boulia (S), Burdekin (S), Burke (S), Carpentaria (S), Charters Towers (R), Cloncurry (S), Doomadgee (S), Flinders (S), Hinchinbrook (S), McKinlay (S), Mornington (S), Mount Isa (C), Palm Island (S), Richmond (S) and Townsville (C).

RDA TNWQ region has a total land area of 448,024.0 km<sup>2</sup>, with an average daily temperature range of 18.1°C to 31.9°C and an average annual rainfall of 561 mm.

Data for RDA TNWQ region are based on Australian Bureau of Statistics (ABS), Australian Statistical Geography Standard (ASGS), July 2016. In some cases these data have been concorded from other geographical boundaries.

Queensland has a total land area of 1,730,172.1 km<sup>2</sup>, with an average daily temperature range of 16.4°C to 30.0°C and an average annual rainfall of 636 mm.

Data for Queensland are based on Australian Bureau of Statistics (ABS), Australian Statistical Geography Standard (ASGS), July 2016.

This profile should be read in conjunction with the abbreviations and explanatory notes provided at the end of the profile.

These topics have been updated to reflect the reissue of [ABS Census 2016 workplace location data](#) on 13 December 2017.

# Economy

## Age by hours worked

Age by hours worked has been derived from the Working Population Profile from the 2016 Census of Population and Housing. The hours worked variable records the number of hours worked in all jobs held during the week before Census Night. For Census purposes, a person is considered to be working full-time if they worked 35 hours or more in all jobs during the week before Census Night. Data are based on employed persons aged 15 years and over by place of work.

The percentage of workers aged 25-54 years employed full-time in RDA TNWQ region was

# 71.0%

### RDA TNWQ region

- 48.2% of workers aged 15-24 years worked full-time
- 71.0% of workers aged 25-54 years worked full-time
- 63.1% of workers aged 55 years and over worked full-time

### Queensland

- 41.9% of workers aged 15-24 years worked full-time
- 68.2% of workers aged 25-54 years worked full-time
- 58.6% of workers aged 55 years and over worked full-time

**Table 1 Age by hours worked, RDA TNWQ region and Queensland, 2016**

## Total personal income

Total personal income has been derived from the 2016 Census of Population and Housing question 'What is the total of all wages/salaries, government benefits, pensions, allowances and other income a person usually receives?'. These median total personal income estimates have been calculated by Queensland Treasury using income range data provided by the ABS. The variable is based on persons aged 15 years and over by place of work.

### RDA TNWQ region

- Median total personal income of \$52,722 per year
- Within the region, McKinlay (S) LGA had the highest median total personal income with \$91,504 per year
- Within the region, Doomadgee (S) LGA had the lowest median total personal income with \$38,338 per year

### Queensland

- Median total personal income of \$50,901 per year

The median total personal income in RDA TNWQ region was

# \$52,722 per year

## Industry

Industry has been derived from the Working Population Profile from the 2016 Census of Population and Housing data. A person's industry of employment was classified based on responses to a range of questions from the Census. Data are based on employed persons aged 15 years and over by place of work.

### RDA TNWQ region

- 13.8% of workers were employed in the Health care and social assistance industry
- 12.1% of workers were employed in the Public administration and safety industry
- Highest specialisation ratio of 2.18 in Mining industry

### Queensland

- 13.0% of workers were employed in the Health care and social assistance industry
- 9.9% of workers were employed in the Retail trade industry

The top five industry subdivisions of employment for workers in RDA TNWQ region were:

1. **Preschool and school education (7.0%)**
2. **Food and beverage services (5.9%)**
3. **Hospitals (5.3%)**
4. **Public administration (5.3%)**
5. **Other store based retailing (4.6%)**

**Table 3 Industry, RDA TNWQ region and Queensland, 2016**

## Industry by hours worked

Industry has been derived from the Working Population Profile from the 2016 Census of Population and Housing data. A person's industry of employment was classified based on responses to a range of questions from the Census. For Census purposes, a person is considered to be working full-time if they worked 35 hours or more in all jobs during the week before Census Night. Data are based on employed persons aged 15 years and over by place of work.

The industry with the highest percentage of full-time workers in RDA TNWQ region was:

# Mining (88.8%)

### RDA TNWQ region

- Mining industry had the highest percentage of full-time workers (88.8%), followed by Electricity, gas, water and waste services (84.7%)
- Accommodation and food services industry had the highest percentage of part-time workers (59.3%), followed by Retail trade (50.1%)

### Queensland

- Mining industry had the highest percentage of full-time workers (86.1%), followed by Electricity, gas, water and waste services (84.9%)
- Accommodation and food services industry had the highest percentage of part-time workers (58.3%), followed by Retail trade (49.4%)

## Industry by occupation

Industry by occupation has been derived from the Working Population Profile from the 2016 Census of Population and Housing data. A person's industry and occupation of employment were classified based on responses to a range of questions from the Census. Data are based on employed persons aged 15 years and over by place of work.

The highest percentage of workers in blue collar occupations in RDA TNWQ region was in the industry:

# Mining (75.3%)

### RDA TNWQ region

- The percentage of workers employed in blue collar occupations was highest in the Mining industry (75.3%), followed by the Construction industry (70.8%)
- The percentage of workers employed in white collar occupations was highest in the Financial and insurance services industry (93.1%), followed by the Health care and social assistance industry (91.0%)

### Queensland

- The percentage of workers employed in blue collar occupations was highest in the Construction industry (71.7%), followed by the Mining industry (67.5%)
- The percentage of workers employed in white collar occupations was highest in the Financial and insurance services industry (95.8%), followed by the Education and training industry (92.0%)

## Occupation

Occupation has been derived from the Working Population Profile from the 2016 Census of Population and Housing data. A person's occupation of employment was classified based on responses to a range of questions from the Census. Data are based on employed persons aged 15 years and over by place of work.

### RDA TNWQ region

- 17.9% of workers were employed as Professionals
- 14.9% of workers were employed as Technicians and trades workers
- Highest specialisation ratio of 1.24 in Machinery operators and drivers occupation

### Queensland

- 19.9% of workers were employed as Professionals
- 14.2% of workers were employed as Technicians and trades workers

The top five occupation sub-major groups of employment for workers in RDA TNWQ region were:

1. Sales assistants and salespersons (6.5%)
2. Health professionals (5.4%)
3. Carers and aides (5.1%)
4. Education professionals (4.7%)
5. Automotive and engineering trades workers (4.6%)

**Table 6 Occupation, RDA TNWQ region and Queensland, 2016**

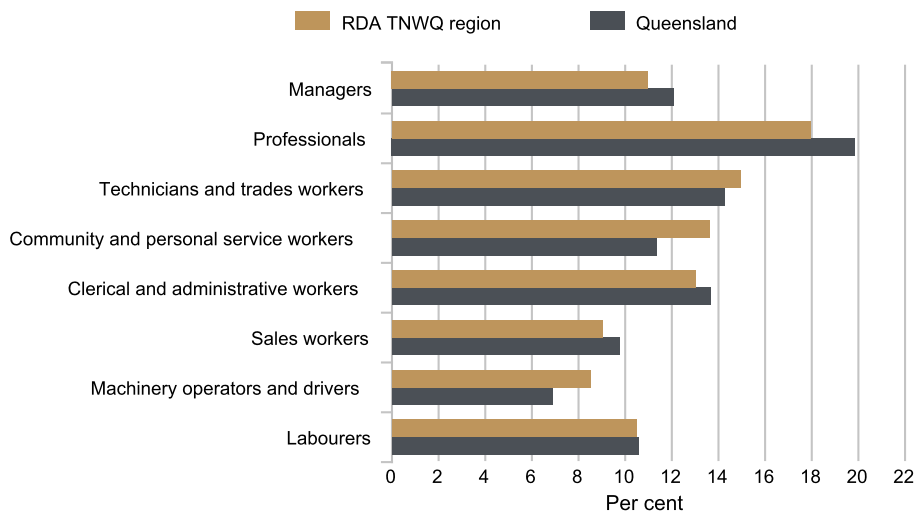

Occupation	RDA TNWQ region		Queensland		Specialisation ratio
	number	%	number	%	
Managers	12,646	11.0	257,478	12.1	0.91

## Occupation by total personal income

Occupation by total personal income has been derived from the Working Population Profile from the 2016 Census of Population and Housing data. A person's occupation of employment was classified based on responses to a range of questions from the Census. Data are based on employed persons aged 15 years and over by place of work.

The highest total personal income range for workers with blue collar occupations in RDA TNWQ region was:

**\$41,600–\$51,599 per year (14.2%)**

### RDA TNWQ region

- The highest total personal income range for persons employed in blue collar occupations was \$41,600–\$51,599 per year (14.2%)
- The highest total personal income range for persons employed in white collar occupations was \$78,000–\$103,999 per year (15.4%)

### Queensland

- The highest total personal income range for persons employed in blue collar occupations was \$41,600–\$51,599 per year (15.8%)
- The highest total personal income range for persons employed in white collar occupations was \$78,000–\$103,999 per year (14.7%)

## Method of travel to work

The method of travel to work has been derived from the Working Population Profile from the 2016 Census of Population and Housing data. The method of travel to work variable records up to three travel methods used to get to work on the day of the Census. Data are based on employed persons aged 15 years and over by place of work.

The percentage of workers with only one method of travel to work in RDA TNWQ region who travelled by train, bus or ferry was

# 1.2%

### RDA TNWQ region

- The percentage of workers with only one method of travel who travelled by train, bus or ferry was 1.2%
- The percentage of workers with only one method of travel who travelled by car was 74.5%
- The percentage of workers with only one method of travel who travelled by bicycle or walked only was 5.8%

### Queensland

- The percentage of workers with only one method of travel who travelled by train, bus or ferry was 5.0%
- The percentage of workers with only one method of travel who travelled by car was 69.6%
- The percentage of workers with only one method of travel who travelled by bicycle or walked only was 4.3%

# Industry and development

## Business counts by employment size

Information on counts of registered businesses is produced by the ABS and presents counts of businesses sourced from the Australian Bureau of Statistics Business Register (ABSBR). Data are updated annually with a release approximately 9 months after the reporting period. The next planned update is in March 2019.

### RDA TNWQ region

- 5,074 businesses (or 26.8%) employed 1 to 4 employees in 2016–17
- Within the region, Mornington (S) LGA had the highest percentage of businesses employing 1 to 4 employees with 100.0%
- Within the region, Burke (S) LGA had the highest percentage of businesses employing 20 to 199 employees with 6.3%

### Queensland

- 114,500 businesses (or 26.2%) employed 1 to 4 employees in 2016–17

The number of businesses in RDA TNWQ region in 2016–17 was

# 18,956 businesses

## Business counts by industry

Information on counts of registered businesses is produced by the ABS and presents counts of businesses sourced from the Australian Bureau of Statistics Business Register (ABSBR). Data are updated annually with a release approximately 9 months after the reporting period. The next planned update is in March 2019.

The industry with the largest number of registered businesses in RDA TNWQ region in 2016–17 was

**Agriculture, forestry and fishing (17.9%)**

### RDA TNWQ region

- 17.9% of businesses in Agriculture, forestry and fishing industry in 2016–17
- 17.1% of businesses in Construction industry
- Highest specialisation ratio of 1.90 in Agriculture, forestry and fishing industry

### Queensland

- 17.2% of businesses in Construction industry in 2016–17
- 11.6% of businesses in Rental, hiring and real estate services industry

# Explanatory notes

## Profile explanatory notes

### Australian Statistical Geography Standard (ASGS)

A geographical framework covering all spatial areas of Australia and its external territories. The ASGS was developed by the Australian Bureau of Statistics (ABS) to allow statistics from different collections to be spatially comparable. The ASGS replaced the Australian Standard Geographical Classification (ASGC).

### Blue collar

Defined as occupation groups: Technicians and Trades Workers, Machinery Operators and Drivers, and Labourers.

### Industry

Based on Australian and New Zealand Standard Industrial Classification (ANZSIC), 2006 edition, revision 2 published in 2013.

### Industry Subdivision

The industry subdivision refers to the 2-digit industry classification from the Australian and New Zealand Standard Industrial Classification (ANZSIC), 2006 edition, revision 2 published in 2013.

### Land area

Land area, as stated in the Region overview, are based on the Australian Albers Equal Area projection (EPSG 3577).

### Local government area (LGA)

A geographical area under the responsibility of a local government council or an Indigenous government council. There are 78 LGAs in Queensland.

### Occupation

Based on Australian and New Zealand Standard Classification of Occupations (ANZSCO), 2006 edition, version 1.2 released in 2013.

### Occupation sub-major group

The occupation sub-major group refers to the 2-digit occupation classification from the Australian and New Zealand Standard Classification of Occupations (ANZSCO), 2006 edition, version 1.2 released in 2013.

### Queensland

Queensland figures include the 'Migratory - Offshore - Shipping' and 'No Usual Address' counts.

### Region overview

Statistics in the profile overview have been derived from data sourced to the Bureau of Meteorology and aggregated to administrative boundaries. Land area are based on the Australian Albers Equal Area projection (EPSG 3577).

**Rounding**

Figures are rounded to nearest whole number. Calculations (such as percentages and rates) are based on pre-rounded figures.

**Specialisation ratio**

The ratio of the percentage for the RDA TNWQ region to the percentage for Queensland. A specialisation ratio above 1.00 indicates RDA TNWQ region has a larger share for that category than in Queensland. Similarly a specialisation ratio below 1.00 indicates RDA TNWQ region has a smaller share for that category than in Queensland.

**Statistical Area Level 2**

Statistical Area Level 2s (SA2s) (2016) are small areas, approximately suburb size, with a population range of between 3,000 to 25,000 persons, and have an average population of about 10,000 persons. There are 528 SA2 regions that cover the state.

**Statistical Area Level 3**

Statistical Area Level 3s (SA3s) (2016) are aggregations of SA2s areas, and designed to have populations between 30,000 and 130,000 persons. There are 82 SA3 regions that cover the state.

**White collar**

Defined as occupation groups: Managers, Professionals, Community and Personal Service Workers, Clerical and Administrative Workers and Sales Workers.

**Workers**

The term 'workers' has been used throughout this report to describe employed persons counted in the location of where they worked.

## Topic explanatory notes

**Business counts**

It is not currently possible to account for those businesses which operate out of multiple locations, other than at their main location. This is particularly relevant for larger businesses, which commonly establish outlets in several or all states and many regions across Australia. The reason for this is that data pertaining to individual business locations are not currently available from the Australian Bureau of Statistics Business Register. Users should therefore be aware of this limitation when using counts of businesses included in this table.

Due to the process of confidentialisation applied by the ABS, discrepancies may occur between the sums of the component items and total (see paragraph 50 of ABS cat. no. 8165.0 explanatory notes for more information).

**Business counts by industry**

Based on Australian and New Zealand Standard Industrial Classification (ANZSIC), 2006 edition.

The 'Not classified' industry division is accurate at the time of release of data. Further refinements to this group will be made in subsequent releases, but will not be reflected in these counts.

**Total personal income**

Median total personal income estimates have been calculated by Queensland Treasury using income data provided by the ABS.
